5 TRACKERS

172-177 : PANOBIKE
178-185 : RIDECASE
186-191 : SPORT CAMERA MOUNT

www.topeak.com
Knowledge is power.

When it comes to your riding performance, the more you know, the better you get. That’s why we created the incredible Topeak PanoBike system. As an iOS or Android app, you have access to complete trip info with GPS route tracking, Bluetooth® connectivity, heart rate monitoring and more. It’s easy to set-up and you can even share your progress and wins on Facebook. Welcome to bike riding in the information age.

**PANOBIKE TECHNOLOGIES & FEATURES**

**COMPLETE TRIP INFORMATION**
Get every last detail about your ride in real-time. Everything from your current speed, average speed, maximum speed, distance, elapsed time, grade, altitude, calories burned, cadence, heart rate, to GPS route mapping.

**MAP & GPS ROUTE TRACKING**
GPS mapping allows you to track your route and see your position in real-time. A compass view is enabled if there is no GPS signal or if the signal grows too weak.

**ADVANCED CYCLING APP SYSTEM**
Our advanced, integrated cycling app system combines our iOS / Android app, PanoComputer, Speed & Cadence Sensor, Heart Rate Monitor, and PowerPack for real-time and accurate riding information that you can share with friends via Facebook.

**BLUETOOTH® SENSOR**
This Bluetooth Smart system pairs all of your PanoBike sensors to your smartphone so you can have real-time information about every aspect of your ride.
PanoBike+ App

The ultimate cycling performance app just got better. The PanoBike+ has additional functionality that transforms your smartphone into a full-featured bike computer. It connects to your smartphone, providing real-time ride data and a comprehensive analysis of your ride. The app integrates with Strava and other social media platforms, allowing you to share your rides with friends and followers.

Key Features:
- **Smartphone Integration**: The app connects to your smartphone via Bluetooth, allowing you to access real-time ride data and control your PanoComp X computer.
- **Advanced Data Tracking**: Tracks speed, distance, heart rate, cadence, and much more. 
- **Data Storage**: Stores ride data on your smartphone for easy access and analysis.
- **Social Sharing**: Share your rides with Strava and other platforms.
- **Heart Rate Monitor**: Available as an optional feature, providing real-time heart rate data.
- **Dual Mode Technology**: Allows usage as a bike computer or a remote monitor.

Benefits:
- Increase your performance by analyzing your ride data.
- Stay motivated with real-time ride updates.
- Share your achievements with friends and followers.

Compatibility:
- Works with iPhone 6 or above, iPad Air or above, and Android 5.1.1 or above.
- Requires Bluetooth 4.0 or above.

Download the app on the App Store or Google Play.
**DUOBAND HEART RATE MONITOR**

Train more efficiently with DuoBand Heart Rate Monitor to enhance your performance by providing heart rate data for detailed analysis. It connects to both Bluetooth Smart (BLE 4.0) and ANT+ systems for compatibility with a variety of smart wearable devices and mobile training apps. Listen to your heart and train wisely.

TPB-SC03
The RideCase mounting system allows for fast and easy mounting between our RideCase Mount, RideCase ArmBand, and RideCase CarMount. MOUNTS EVERYWHERE...

The RideCase for iPhone 6 / 6s / 7 or 6 Plus / 6s Plus / 7 Plus with Flipstand allows you to securely view your iPhone in multiple angles in both landscape and portrait positions.

TOUCH ID COMPATIBLE
Unlock your iPhone with our Touch ID compatible Weatherproof RideCase designed for iPhone 6 / 6s or 6 Plus / 6s Plus.

SMARTPHONE HOLDER/POWERPACK
7800 mAh high-power rechargeable backup battery pack allows charging of 4.5"-5.5" smartphones to extend usage time of your phone and sport app programs. Integrated strap mount allows to mount this powerpack on handlebar, stem or ø22.2 – ø40 mm tubes to have clean and short wire connection with your smartphone.

OMNI RIDECASE
The name says it all... It holds tight and works with almost every smartphone having a 4.0” to 5.5” screen with or without a case. High quality, ultra-elastic silicone grippers tenaciously hold your phone for convenient display.

QUICKCLICK™ SYSTEM
QuickClick™ is Topeak’s proprietary quick release mounting system that allows fast and easy tool-free mounting and removal of QuickClick™ equipped bags, tools, lights and accessories.

RIDECASE MOUNT
Install the mount on your handlebar, stem or stem cap to view your smartphone at an angle and rotate it for landscape and portrait viewing.

We’ve got you covered.
Wherever you go and whatever the conditions, we have a case to keep your smartphone protected. With cases like the Weatherproof RideCase, the Smartphone DryBag or the latest RideCase with Flipstand, you’ll never have to give your smartphone a second thought.

**SMARTPHONE HOLDER WITH POWERPACK**

**POWERPACK 6000 MUAL PORT**

A great solution for smartphone users going on long distance rides. This high quality silicone holder tightly grips any smartphone (4.5” - 5.5”) with or without a case. The high power 7800mAh dual USB port power pack mounted below can charge two devices simultaneously. On a ride, you can charge your smartphone, sport camera or front light. When you’re off your bike, it becomes a portable power bank to charge your smartphone or tablet, either separately or together.

**BATTERY**
- 7800 mAh Li-Ion

**MATERIAL**
- Silicon / Engineering grade plastic

**OUTPUT**
- Dual USB ports
  - DC 5V 2A / 2.1A

**INPUT**
- Micro USB
  - DC 5V 1A (Max)

**CHARGE TIME**
- Approx 8 - 12 hr

**MOUNT**
- Stem, handlebar or ø22.2 - ø40 mm tubes

---

**MOBILE POWERPACK 6000 DUAL PORT**

Redesigned for 2017, the Mobile PowerPack 6000 has even more power and ports to charge up to two devices while on the go. Multiple mounting options and a GoPro mount adapter provide flexibility and convenience.

**BATTERY**
- 6000 mAh Li-Ion

**MATERIAL**
- Engineering grade plastic / Rubber suction pad

**ADDED FEATURES**
- Angle adjustable
- Rotates for landscape or portrait viewing
- Compatible with RideCase & SmartPhone DryBag

**SIZE**
- 9.6 x 3.5 x 2.4 cm / 3.8” x 1.3” x 0.9” (Stem Cap Mount)

**SPORT CAMERA MOUNT SERIES**

**BUILT FOR FUN**

Capture it forever.

Developed for the GoPro®, Shimano® Sport Camera, Sony® Action Cams, and Garmin Virb X/XE/Ultra 30, this flexible system mounts your camera on your helmet, under your saddle or on your handlebars. So now, capture that incredible ride from any vantage point and experience it over and over again.

**SPORT CAMERA MOUNT TECHNOLOGIES & FEATURES**

1. Sport Camera MultiMount
2. RideCase Mount RX with SC Adapter
3. RideCase / Pannicamputer Mount with SC Adapter

**MOUNTS EVERYWHERE**

The Sport Camera Mount series easily mounts your favorite action camera to your helmet, handlebar or saddle rails.
SPORT CAMERA MULTI-MOUNT

Sport Camera Multi-Mount with quick release for mounting GoPro® Hero series, Sony® Action Cam series, Shimano® Sport Camera, and Garmin VIRB® X / XE / Ultra 30 on helmet, handlebar or saddle rails. Features angle adjustment for tilt and can be oriented for landscape or portrait modes.

MATERIAL: Engineering grade plastic

MODULAR MULTI-MOUNT DEVICE: Adapters included for GoPro® / Shimano® Sport Camera / Garmin VIRB® X / XE / Ultra 30 & Sony® Action Cam

BRACKETS: For Helmet / Handlebar (fits ø22.2 & ø31.8 mm) / Saddle rails

MAX LOAD: Sport camera 200 g / 7.04 oz

ART NO.: TC3010

ADDED FEATURE: Angle adjustment (landscape or portrait orientation)

SPORT CAMERA MOUNT

Symmetry is a beautiful thing. This RideCase mount brings everything in line, front and center to offer easier viewing of your device, a perfectly centered video frame, or a light beam cast in the center of your route. Attaches to 31.8 mm dia. handlebars and the QuickClick™ holder can be rotated for both portrait and landscape orientation. The included sport camera adapters are compatible with different sport cameras like GoPro® Hero series, Sony® Action Cam series, Shimano® Sport Cameras, and Garmin VIRB® X / XE / Ultra 30. Includes G-Ear Adapter for Garmin cycle computer.

MATERIAL: Forged aluminum / Engineering grade plastic

MODULAR MULTI-MOUNT DEVICE: Adapters included for GoPro® / Shimano® Sport Camera / Garmin VIRB® X / XE / Ultra 30 / Sony® Action Cam / Topeak WhiteLite™ HP Mega 820 / Mobile PowerPack 6000 / AERIUS / Watt USB / most Topeak WhiteLite™ HP front lights / Garmin cycle computers

BRACKET: For Handlebar (fits ø31.8 mm)

MAX LOAD: Sport camera 36 g / 1.27 oz (Center Mount only)

ART NO.: TC3028

WEIGHT: 36 g / 1.27 oz (Center Mount only)

ADDED FEATURES: Angle adjustment (Sport Camera) / Rotates for landscape or portrait viewing (RideCase)

G-EAR ADAPTER

Specifically designed to adapt Garmin devices with quarter-turn mounts to Topeak RideCase mount, RideCase Mount RX and RideCase Center Mount.

MATERIAL: Engineering grade plastic

SIZE: 3.3 x 1.2 cm / 1.3” x 0.5”

ADDED FEATURE: Includes T15 Torx® wrench

WEIGHT: 4 g / 0.14 oz

ART NO.: TC3026

ADAPTER FOR Sony® Action Cam

Adapter for Topeak front lights

Adapter for Sony® Action Cam

Adapter for Topeak front lights

Adapter for GoPro®, Shimano® Sport Camera, Garmin VIRB® X / XE / Ultra 30, WhiteLite™ HP Mega X20 & Mobile PowerPack 8000

ADDED FEATURES: Angle adjustment (Sport Camera) / Rotates for landscape or portrait viewing (RideCase)

COMPATIBLE WITH: RideCase series & PanoComp X

Includes T15 wrench

SIZE: 3.3 x 1.2 cm / 1.3” x 0.5” (Center Mount only)
